

ADG Eco Lighting Products

Hotels & Resorts Case Study 042012a

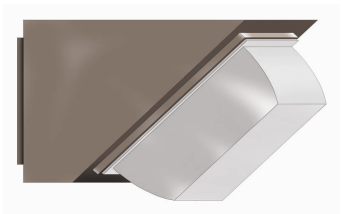

“It was such a pleasure working with Gerald (@ ADG). During the concept phase, he created beautiful sketches to convey his design ideas. During the manufacturing phase, he found alternative materials to meet our budget. And, during and after the installation phase, he went out of his way to make sure the final pieces were just right.”

Deirdre Wallace
Hotelier Ambrose Hotel

**1st Hotel to earn
LEED EB
Certification**
